VERDICTS & SETTLEMENTS

Student Killed By Drunk Driver Results In \$1M Settlement *Color Brochure Showcasing Decedent's Talents Key*

The decedent was an 18-year-old high school student who was a passenger in a vehicle being driven by her friend when a drunk driver — a multiple DUI offender who had only recently been released from jail — went left of center and crashed into the decedent's vehicle.

The decedent suffered traumatic brain injury as well as multiple fractures. She was unconscious at the scene and never

regained consciousness. The decedent was "life-flighted" to MetroHealth Medical Center where she lingered in a completely sedated state for five days before dying. The decedent is survived by her divorced parents and two older brothers.

The decedent was a beautiful vibrant and artistic young woman. Settlement efforts were aided by a color brochure containing professional photos of the plaintiff,

and reproducing materials showcasing the decedent's school activities, writings, poetry and photo portfolio, all of which were provided to all counsel and adjusters.
